How to Work a Career Fair Cheat Sheet

**Career Fair Prep**
- Perfect your resume
- Get your professional dress ready
- Practice introducing yourself briefly
- Find out which employers are attending
- Research the employers you want to meet with
- Prepare specific and general questions

**What to Bring**
- 10-15 resumes
- Business cards (ypps, yale.edu)
- Padfolio, journal, and pen

**During the Fair**
- Phone OFF and away
- Walk around to meet employers alone—don’t travel as a group with friends
- Introduce yourself with a smile and handshake, and a few relevant details about yourself and your education/experience and/or interests in the employer
- Ask if they are interested in masters level candidates
- Speak slowly and confidently
- Be strategic—talk to your top 3 employers first, others if you have time
- Take quick breaks between rounds of visits to freshen up and take a breather
- Don’t dominate recruiters, be mindful of other students waiting in line
- Take notes as soon as you walk away from a table
- Ask about opportunities and next steps if there are specific openings
- Get the appropriate contact information and/or ask for a business card
- Thank recruiters after speaking with them

**After the Fair**
- Take a few minutes immediately after fair to sort through your notes and make a list of follow-up items
- Follow up and thank recruiters of particular interest (don’t have to follow-up with everyone)
- Follow up with online applications, or by sending resume and cover letter to appropriate contact
- Reach out via email or by telephone to reps who were not at fair but who work with your level of education/field
- Set up informational interviews with individuals at companies/organizations of particular interest to you, and with Yale alumni in these organizations
- Check in with your career office with specific questions
