

Prepared for the BC Ministry of Forests, Resources Inventory Branch, Victoria, BC,
FRBC Contract 40318, File No. 66790, 15 p.

Circular Plots: Part I. A Mathematical Procedure to Transform a Mapped Circular Plot
Into a Square Plot.” Rocky Mountain Forest and Range Experiment Station.

Plots—Simulation Results.” Integrated Tools for Natural Resources Inventories in the
21st Century, Proceedings of the IUFRO Conference, August 16-20, 1998, Boise, Idaho,

Possible Bias in Plot and Point Sampling.” Forest Science, 47(2): 242-245.

a Managed Landscape in Northern Wisconsin.” Forest Ecology and Management, 148:
93-108.

Method for Circular Fixed-Area Plots in Environmental Survey.” Journal of
Agricultural, Biological, and Environmental Statistics, 6(4): 479-494.

42. Williams, M.S. (2001) “Performance of Two Fixed-Area (Quadrat) Sampling
